

aiD combines state-of-the-art technologies in a platform that will allow deaf users to interactively communicate in real-time with hearing people.

12 Beneficiaries

1 TC Partner organisation

6 Countries

Cyprus

Greece

Belgium

Estonia

United Kingdom

United States of America

2nd YEAR

21 Secondments

7 WPs started

3 Deliverables submitted

- ✓ Requirements specification and reference architecture
- ✓ Curated dataset for learning to translate SL footage
- ✓ Mid-term meeting

3 Deliverables on the way

- ✓ Curated dataset for learning to generate avatars depicting SL
- ✓ System Translating SL footage to language
- ✓ Compression Algorithms

5 Meetings

- 2nd Plenary
- 3rd Plenary
- 4th Plenary
- Mid-term Meeting
- 5th Plenary

Elementary Dataset

The signers of the elementary dataset

- 29,698 signed phrases
- 70 hours of video data
- 720p resolution @ 25 fps
- Total size 30 GB
- 7 Different Signers
- Vocabulary Size 42,363

Example sequence from the elementary dataset

Available at: <https://zenodo.org/record/5810491>

News Dataset

- 1,989 signed phrases
- 25 hours of video data
- 1080p resolution @ 30 fps
- Total size 29,4 GB
- 4 Different Signers
- Vocabulary Size 6,741

News Dataset Signers

Example sequence from the News Dataset.

Available at: <https://zenodo.org/record/5810908> (Part A)
<https://zenodo.org/record/5901491> (Part B).

Summer School 2021

Discover Limassol, learn Greek, boost your skills

CUT Summer school Program

22-24.06.21

Day 01

Design thinking

Design thinking is an iterative problem solving process of discovery, ideation, and experimentation that employs design based techniques to gain insight and yield innovative solutions for virtually any type of organizational or business challenge, prominently including those with public services

Day 02

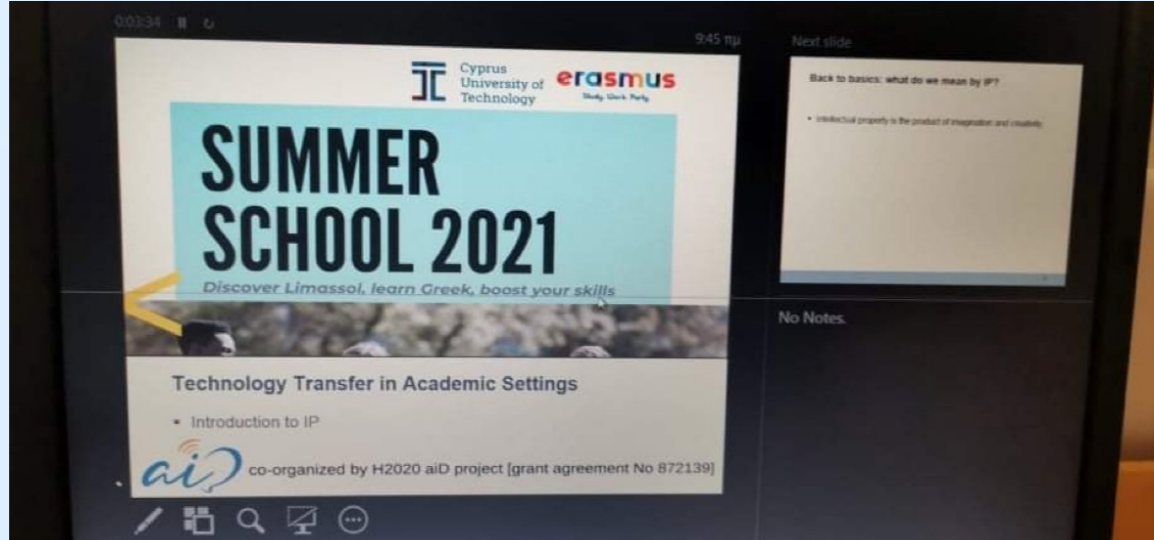

Technology Transfer in Academic Settings

Ownership: Who and what is covered, Identification process: publish vs protect, what you watch for in collaborative research, types of agreements. Commercial exploitation: Licencing vs Spin-off/startups

Day 03

Patent Protection: EP & PCT

What is a European Patent? What is PCT? Is there a global patent? Learn how the system works, advantages and disadvantages and where to start

co-organized by H2020 aiD [grant agreement No872139]
